

January 2, 1973

CLERK: 11 Ayes, 34 nays, 4 not voting, Mr. President.

SPEAKER: Motion has lost. Is there anything else on the clerk's desk.

CLERK: That is all, Mr. President. That is all the motions to amend.

SPEAKER: Then the question before the house is that the rules be adopted as amended by the Stull motion. All those in favor, any further discussion? Just a moment please, found one more.

CLERK: Mr. President, there is another motion. Read/

SPEAKER: Senator Luedtke.

SENATOR LUEDTKE: Mr. President, this relates to the resolution and the change in resolution as you recall we brought up before at our meeting and we had in Section 6 reference to the engrossment of these resolutions and in talking it over with Emory Burnett we were of the opinion that it would be just as well that we also not engross resolutions relating to study. In other words, we have so many study resolutions that there is just absolutely no sense in having to engross them. It costs a lot of money and takes a lot of time. So in keeping with the original resolution, we ask that that also not be made necessary. So, the only resolutions that would be engrossed in would be those in Section 2 which are those resolutions proposing amendments to the state constitution, proposing ratification of amendments to federal constitution and modification of rules.

SPEAKER: It's been seconded. Any further discussion. All those in favor of the Luedtke--Senator Chambers.

SENATOR CHAMBERS: Mr. President and members of the Legislature. I think that the question that Senator Duis asked is in order and I think all motions should allow his to take priority, that the new members should be sworn in before we do anything with the rules. And anybody who has a motion pending, I think should be willing to let it take a back seat to Senator Duis's motion which he is about to make.

SPEAKER: I think this comes up every year Senator Chambers and every year it has been ruled that you have to organize before you have something swear into it. The sooner this is taken care of why then they will be sworn into. These can be taken up again and changed if it doesn't work but this has been done this way. Probably no reason why it couldn't be changed but the chair will rule that we'll proceed in this manner, unless there is some objection. The question is, the motion before the house is Senator Luedtke motion to amend the rules on the--Senator Goodrich.

SENATOR GOODRICH: Mr. Chairman, members of the body, I just would like to ask which specific rule we're changing. When the clerk went over it he went so fast that I couldn't even pick it up and I have no notion of what rule we're changing or how it affects anything and I would like to slow things down a little bit and let's find out which rule, at least, we are changing.

SPEAKER: We will be happy to Senator Goodrich. Mr. Clerk would you go over

CLERK: Senator, the amendment would apply to Rule 4, Section 6, Page 20 of the Rules which presently reads--Read. What this would do is

(End of Belt #1)
